2020

Registration

International Student Information

The Summer Camp PLUS program is an academic enrichment program designed for K-5 students who are working at or near grade level. International students are welcome in our program and this form is designed to provide the information we need to ensure their success. It is essential that your child's skills in English match the other students in our program. Our program is not designed to support students whose English level is below grade level. If your child is not fluent in English, you may be dismissed from camp with no refund.

International students who are confident and comfortable with the language at their grade/age level are very productive and successful members of our summer program. The ability to listen, respond and react in English is required for classroom work as well as afternoon activities, and is an important safety issue. Our program is fun and fast-paced and children must be able to understand and respond appropriately to teachers, swim instructors, bus drivers, etc.

There will be no refund of paid fees if, in the judgment of Harker, the content of the application documents, including but not limited to the student's birthdate, age, grade, English speaking and English understanding ability, and academic level, are not completely accurate as of when the student begins the program and in the early days of the program.

Complete the information below to help us evaluate your child's English ability. You must submit a recent report card from your child's school AND birth certificate within two weeks of your registration.

Child's Name _____ Male Female

If your child uses another name in English please list it here. _____

Does the child recognize this name in English? yes no

Age as of June 2020 _____ Birthdate (month/day/year) _____ Grade _____
