

## COVID SAFETY POLICIES

**Thank you for trusting us with your child this summer. The health and well-being of your child and our staff are our highest priority. We have put together a list of the safety precautions we are taking to ensure we all minimize exposure risks to our community.**

### **What are our guidelines?**

- Masks will be required while on campus.
- Social distancing requirements will be enforced.
- Temperature checks will be taken on all students and staff upon arrival.
- All students and staff will wash/sanitize their hands upon arrival and during every transition.
- All staff will take a health self-assessment daily when reporting to work.
- The school currently requires a negative COVID-19 test for all staff who are on campus and we will continue this requirement through summer if needed.
- A strict sick policy will be enforced among students and staff that will not allow anyone with a fever of 100 degrees or more to return until they are symptom-free for 72 hours. A doctor's clearance is required upon return.
- We are limiting the group size to 15 per classroom with limited contact between students.
- Parents will drop off and pick up in loading zones and will not be permitted on campus unless it is an emergency, to limit possible exposure.
- Field trips will not be scheduled this summer.
- HVAC systems are equipped with COVID-19 approved filters as well as fresh air circulation in classrooms.
- Visitors will not be allowed on campus unless they are part of our essential operations.
- Campus cleaning on high-touch surfaces and restrooms will be conducted on a rotational basis several times throughout the day.

***\*Guidelines may change according to state and local mandates.\****
